Mumbai, India

SUMMARY

Front-end focused web developer who builds responsive and accessible websites. Comfortable with the full JavaScript stack and passionate about clean user interfaces.

EDUCATION

B.E. in Information Technology, University of Mumbai, 2020 - 2024

SKILLS

JavaScript, TypeScript, React, Node.js, HTML, CSS, Bootstrap, MongoDB, Git, GitHub

EXPERIENCE

Web Developer Intern, PixelCraft Studio, Mumbai, Jan 2024 - Jun 2024

- Developed reusable React components for an e-commerce dashboard.
- Designed responsive layouts with HTML, CSS and Bootstrap for mobile and desktop.
- Built REST endpoints using Node.js and stored data in MongoDB.
- Collaborated with designers through GitHub pull requests and Git branching.

PROJECTS

- Online Food Ordering Website: a React and Node.js application with user login and cart features.
- Portfolio Website: a fast responsive site deployed with GitHub pages.
