Bengaluru, Karnataka

SUMMARY

Computer science graduate who builds machine learning models in Python and enjoys exploring data.

EDUCATION

B.E. in Computer Science, Bangalore Institute of Technology, 2021 - 2025

SKILLS

Python, Machine Learning, Pandas, NumPy, Scikit-learn, SQL, Git

EXPERIENCE

Data Science Intern, InsightLoop Technologies, Bengaluru, Jun 2024 - Aug 2024

- Cleaned datasets with Pandas and NumPy and explored them in Python.
- Trained Scikit-learn models for demand forecasting and compared them with cross validation.
- Queried a SQL database to prepare training data and tracked work in Git.

PROJECTS

- Sentiment Analyzer: a Python project that classifies reviews with a machine learning model.
